Chandan Economics, a commercial real estate research firm based in New York City, has an immediate opening for a Data Collection / Web Researcher.

To learn more about Chandan Economics, please visit www.chandan.com.

Summary of Position

Upon assuming the Data Collection / Web Researcher position, the successful candidate will support cutting-edge research undertaken by senior professionals at Chandan Economics and our strategic partners. The position involves web-based and print research as well as data collection and validation in support of Chandan Economics' commercial real estate databases.

Essential Duties and Responsibilities

- Web and print research;
- Data collection and validation; and,
- Supporting the Chief Economist and other senior professionals in a variety of administrative and research activities.

Candidate Profile

- An interest in real estate markets;
- Strong research skills coupled with exceptional attention to detail;
- Excellent written and oral communication skills;
- An ability to work independently in an entrepreneurial environment; and,
- Fluency in Microsoft Office.

A recent undergraduate degree and experience working with data and datasets are preferred.

How to Apply

To apply for this position, please submit a brief cover letter and current resume to careers@chandan.com by November 20, 2011. Applications should be addressed to James Keenoy, Manager of Research Services.
